**EXT. SHADOWKEEP, GRIM REALM (DREAM WORLD) - DAY**

An ominous yellow flash of light can be seen from within the dark fortress. The silhouette of a menacing figure appears on the back wall.

1 NIGHTMARE KING (O.S.) 1  
How many times are you going to  
fail me, Archer?

**INT. SHADOWKEEP, GRIM REALM (DREAM WORLD) - DAY**

We REVEAL the Nightmare King standing at his throne and the Dark Archer kneeling before him.

2 NIGHTMARE KING 2  
If you want something done, do it  
yourself.

The Nightmare King steps down from the chancel and determinedly struts by his loyal soldier.

3 NIGHTMARE KING (CONT'D) 3  
You better start proving your  
worth... That is, unless you'd like  
to end up like them.

The Nightmare King heads toward the exit as we reveal several children trapped within the Shadowkeep. Dark Archer shifts tensely.

The Nightmare King stands in the center of the room, holding his staff. Eyes glowing yellow, he waves his hand in a circular motion. Dark dream ether swirls from all around him, consuming him from our view. All we can see within the cloud of dark ether is the glow of his yellow eyes.

**INT. SCHOOL (WAKING WORLD) - DAY**

As Mateo and Izzie walk down the hallway toward class, they pass a plethora of festive school posters for SHEEP WEEK. Every few steps, Mateo stops to do a couple of jumping jacks.

4 IZZIE 4  
Dude, you're gonna hurt yourself  
with all those jumping jacks.

5 MATEO 5  
Must. Practice. Must. Be. Better.  
Oof!

Mateo trips on his shoelace and collapses to the ground.

6 MATEO (CONT'D) 6  
I am...  
(hopping to his feet)  
OKAY!

The siblings see Zoey, who walks toward them in SLOW-MOTION.  
Mateo's expression changes to a more love-struck look.

7 IZZIE 7  
Why don't you just ask her to hang?

8 MATEO 8  
What?! I can't just ask Zoey to  
hang!

9 IZZIE 9  
Then, ask her to join your Sheep  
Week team. That's a good enough  
excuse to get a much cooler girl to  
want to hang with you. Ooh- sister  
burn!

Izzie holds her hand out for a high five. Mateo glares at her  
and then turns back toward Zoey. He takes a deep breath as he  
determinedly lowers his head and marches forward.

10 MATEO 10  
(to himself)  
Ok. I can do this. It's easy. *Do*  
*you want to join my team?* It's that  
simple.  
(then)  
Maybe this is a bad idea.

11 ZOXY 11  
What's a bad idea?

Mateo begins to sweat, not having noticed he'd reached Zoey.  
He opens his mouth to ask, but all that comes out is-

12 MATEO 12  
Oh... The Sheep thing. If you  
wanted to, but it's ok if you  
already have one.

13 ZOXY 13  
What?

14 LOGAN 14  
Sup, Zoey! Wanna join a winning  
Sheep Week team and bask with me in  
the glow of eternal glory?

Mateo looks over, realizing Logan is right beside him.

15 MATEO 15  
What! I asked her first!

16 LOGAN 16  
Ha! No way she'd join your team!  
Plus I'm standing closer to her.  
(then)  
Coop, get a measuring tape!

Embarrassed, Cooper slowly and hesitantly approaches.

17 COOPER 17  
I don't have measuring tape, but I  
have a ruler...

Zoey groans as she closes her locker and slips by the boys.

18 COOPER (CONT'D) 18  
Oh wait, she's gone. Shocker.

The two look up, realizing her departure. Logan waves.

19 LOGAN 19  
Cool, we'll catch up later!

Cooper stands back as Logan and Mateo butt heads.

20 LOGAN (CONT'D) 20  
Wow, Matty! You totally freaked her  
out! You have zero girl skills.  
Here you are chasing away my  
teammates while I'm over here  
putting together the best chance to  
win.

21 MATEO 21  
So am I. That's why I asked Zoey.

22 LOGAN 22  
(through laughter)  
Dude, you're not even on our level.  
You should just give up before my  
Sheep Week team totally crushes  
you!

Cooper makes an apologetic look to Mateo as Logan turns and  
makes an EDM airhorn noise with his mouth.

23 LOGAN (CONT'D) 23  
See you in our dreams!

Izzie steps up to her brother.

24 IZZIE 24  
It's ok, big bro. You'll always  
have him beat in the Dream World.

Mateo slumps down, feeling defeated.

**INT. OZ'S ROCKET SHIP (DREAM WORLD) - DAY**

Mateo, Izzie, Cooper, Logan, and Z-Blob arrive at the same time.

25 MATEO 25  
Hm? That's weird. Mr. Oz and Albert  
aren't here?

26 LOGAN 26  
They saw you coming and dipped.

Bitter, Mateo opens his mouth to reply, but is interrupted.

27 MR. OZ (O.S.) 27  
No way, that just doesn't make any  
sense!

The kids follow the arguing voices to...

**INT. LIBRARY, OZ'S ROCKET SHIP (DREAM WORLD) - CONTINUOUS**

The five enter to see the frenzied Mr. Oz and Albert, searching through a series of books with nautical imagery on them and handwritten journals shown through holograms.

28 COOPER 28  
I've never been in here before.

Cooper is in awe. Oz finally acknowledges them.

29 ALBERT 29  
Ah, yes, children! Welcome to the  
book repository! You'll have to  
excuse us. We are a-pe deep in  
research.

30 MATEO 30  
What's up? Did you figure out where  
the Sandman is?

31 ALBERT 31  
Well, young Master Mateo, my  
research -

32 MR. OZ 32  
*Our research. It's our research.  
 And what we have discovered is that  
 when Luna's hourglass is repaired,  
 it will lead us to Castle Nocturna.*

Oz turns the pages to one of the books in front of them. A hologram of a beautiful ivory castle appears before the children's wide eyes.

33 ALBERT 33  
*And Castle Nocturna holds the  
 legend of how Luna defeated the  
 Nightmare King!*

The kids all look confused.

34 MR. OZ 34  
*Luna used her hourglass to defeat  
 The Nightmare King once before. So  
 if we can get to the Castle, we can  
 learn how to do it again.*

35 IZZIE 35  
*Awesome! How do we help?*

Izzie touches Alberts book. He slaps her hand away.

36 ALBERT 36  
*We have no time for training, nor  
 your shenanigans!*

Oz guides the group towards the exit.

37 MR. OZ 37  
*Take some time off tonight. Just  
 don't get into any trouble!*

Oz slams the door behind them. The kids stare, baffled. Izzie turns to them, a smile widening across her face.

38 IZZIE 38  
*You know what this means, right?  
 (off their blank stares)  
 FREE DAY!*

#### **EXT. LOBBY, CYBER REALM (DREAM WORLD) - DAY**

Flying eight-bit birds soar past a tall, digital screen in the middle of a video game lobby resembling a town square. The lobby branches out into multiple roads, which guide dreamers toward various types of games.

At its center is a huge, sixteen-bit statue of a muscular man wearing a spacesuit and cool helmet a la HALO's MASTER CHIEF.

The kids, Bunzai, and Z-Blob enter the realm with excitement.

39 LOGAN 39  
This is the coolest place ever. I  
mean look at this guy!

Logan gestures over to the statue.

[illegible]

41 MATEO 41  
What about--

42                         LOGAN                         42  
No way, dude. I'm picking.

Mateo and Logan glare at one another, ready to rumble. The only thing that stops them is the arrival of Zoey, who glides in on Zion. The boys attention is easily drifted.

43 MATEO 43  
Do you wanna play with us?

44                         ZOEY                         44  
Can't. I'm here on a mission.

Zoey allows Zion to soar away as she parkours her way through the lobby area and disappears. The two are left swooning.

45                                 LOGAN  
Ooh, too bad, Teo. Looks like Zoey doesn't want to play with you here or Sheep Week. She wants to join a *winning* team.

45

Cooper, Izzie, Bunzai, and Z-Blob nervously watch on.

46 MATEO 46  
I have as good a chance of winning  
as you!

Logan mutters something to himself.

47 MATEO (CONT'D) 47  
You got something to say, Logan?!

48 COOPER 48  
Whoa! Hey, guys! Don't argue. We  
can settle this a better way!

Logan cockily crosses his arms.

49 LOGAN 49  
Coop's right.

50 I am? COOPER 50

51                         LOGAN                         51  
Game-off. I win, you back off of  
Zoey.

52 MATEO 52  
Fine. And if I win, you and Coop  
have to be on *my* team.

53                    LOGAN                    53  
Ha! Deal. This'll be easy...

They shake hands. Cooper and Izzie share a look that reads as, "Oh boy". Logan points to the Cyber Realm map displayed on a large tablet-like system.

54 LOGAN (CONT'D) 54  
I say we play Fatal Konflikt!

55 MATEO 55  
Ugh, no. How about Lothario Racers?

56 LOGAN 56  
No way! Racing games are for  
babies! What about some ball?

57 MATEO 57  
Let's let Coop decide.

58 COOPER 58  
(pulling Izzie forward)  
Uh, how about we let Izzie?

59 IZZIE 59  
Okay. Okay. I'll decide! Sheesh!

Izzie hovers her hand over a game that appears to be a cute cooking game. The icon reads, "Baking Papa."

60 IZZIE (CONT'D) 60  
How about -

61 LOGAN/MATEO 61  
(groaning)  
No. No. Anything, but that. Not  
Baking Papa!

Izzie suddenly moves her hand, clicking a game called, "Nimbus Infinite." A real time strategy, shooter game. The tablet sends a path of light down the road they need to take.

62                     IZZIE                     62  
This one!

LOGAN

Ooh! Get ready to weep, Teo.

```
64                                     MATEO                                     64
    No way! You're going down, Slow-
    gan!
```

CUT TO:

INT. NIMBUS INFINITE ARENA, CYBER REALM - CONTINUOUS

Now clad in cool, Halo-inspired suits, the kids, Bunzai, and Z-Blob, enter onto a low-poly video game arena, with blue glowing rocks, columns, and walls to use as cover.

The statued character from before appears in hologram form. He has a cheesily heroic demeanor.

65 BURRZERKER 65  
Welcome, battlers... to Nimbus  
Infinite! You know the rules! Blast  
everyone around you and get through  
the carnage! Last soldier standing  
wins the game!

Shown beside him, also as a hologram, is a presentation; a player and three pixelated hearts appear. Burrzerker BLASTS him three times, causing the player to shatter.

66 BURRZERKER (CONT'D) 66  
If you lose all three lives, you  
will be obliterated from the game!

White outlines and three hearts appear around each of the players, signifying that the game has begun.

67 BURRZERKER (CONT'D) 67  
Let loose the carnage!

Mateo and Z-Blob dart off first. Followed by Cooper and Logan, who run off in opposite directions.

Izzie and Bunzai go full attack mode right out the gate. Izzie instantly takes out four other dreamers.

77 COOPER 77  
Yup. You?

78 IZZIE 78  
Mateo. You think you know a guy.

Cooper points to the scoreboard. It shows Logan's icon with two of Izzie's Xed out below it.

79 IZZIE (CONT'D) 79  
THAT TURKEY!

BACK TO:

INT. NIMBUS INFINITE ARENA, CYBER REALM - CONTINUOUS

Mateo and Logan shield themselves behind different walls.

80 MATEO 80  
Those were cheap moves!

81 LOGAN 81  
You're one to talk! Z-Blob's  
getting all your kills for you,  
cheater!

82 MATEO 82  
That's not cheating! It's using  
your SKILLS! Dreamcrafting skills.

Logan watches as Z-Blob leaps out from behind a column. He JUMPS out of his hiding spot, leaving himself open for a surprise attack from Mateo. POW! Logan shatters, losing a life.

He respawns, glancing up at his two remaining lives.

83 LOGAN 83  
Hey! No fair! You tricked me!

Logan runs and slides up to Mateo's hiding place, thinking he can catch him off-guard. He turns the corner. Mateo is gone.

Logan gasps before... PEW! PEW! He gets blasted and shattered a second time! This time from both Mateo AND Upgrade Z-Blob. Once Logan respawns, he runs in the opposite direction, avoiding the other players as he finds a new hiding place.

84 LOGAN (CONT'D) 84  
Only one life left?! Come on! I  
can't lose to that noob!

Logan glances up at the scoreboard. Mateo and Z-Blob are racking up points. Not many players are left.

85 LANCE (O.S.) 85  
Who's there?!

A teen boy, dressed in an even cooler suit, turns the corner. We recognize him as the Nightmare King in disguise from earlier. He takes aim at Logan, ready to fire. A beat. He lowers it.

86 LANCE (CONT'D) 86  
Oh, hey... Those were some sick  
moves, bro. Logan, was it?

87 LOGAN 87  
Uh... Yeah? That's me.

88 LANCE 88  
You are killing it. I'm over here  
like - trying to study your game,  
bro. That green dude is totally an  
unfair advantage.

89 Right?! LOGAN 89

Lance glances up to see that Logan has only one life left.

90 LANCE 90  
Dang. Here... you need this more  
than I do. Even the playing field.

Handing Logan a red floppy disk with code written on it in crude black marker.

91 LANCE (CONT'D) 91  
It's an upgrade. Only the best  
gamers in the realm use them.

92 LOGAN 92  
Whoa, retro. Thanks, man. How can I  
repay you... Guy?

93 LANCE 93  
My name's Lance. And no worries,  
it's on the house.

Lance walks away. His eyes glow yellow as he grins, wickedly.

EXT. MOBILE GAME SECTOR, CYBER REALM - MEANWHILE

Zion and Zoey arrive in the mobile game sector of the Cyber Realm. There aren't any dreamers here. It's a ghost town. Zoey dismounts.

94                         ZOEY                         94

I don't get it. I could have sworn  
The Dark Archer was headed this  
way, but I don't see anything  
corrupt anywhere.  
        (taking in her  
            surroundings)  
What is this game...

Zoey realizes that she's standing in the middle of a low-poly and colorful kitchen. Confused, she glances up, noticing a sign above her that reads, "BAKING PAPA" with a digital meter attached.

[illegible]

Zoey raises an eyebrow. She approaches it. She looks around, searching for other dreamers who might spot her. The coast is clear.

96                                 ZOEY (CONT'D)                                 96  
                              (to Zion)  
I mean, I can't knock it til I try  
it, right?

Zion looks unconvinced.

Zoey hesitantly picks up a mixing spoon. She peaks into a bowl and begins to stir. Her hunched, stressed shoulders suddenly relax. She appears to be content. She sniffs the bowl.

97 ZOEY (CONT'D) 97  
 Hmm... Not bad.

**INT. NIMBUS INFINITE ARENA, CYBER REALM - MEANWHILE**

Logan maneuvers through the terrain, still avoiding the other players, especially Mateo, who is now leading the scoreboard. He hesitantly looks at the floppy disk in his hand.

98 LOGAN 98  
Just to even the playing field...

As he dashes over toward the middle of the arena. Logan inserts the disk into the slot under the tablet screen where the Guardian info graphic plays. A golden shimmer engulfs Logan's suit.

99 LOGAN (CONT'D) 99  
Whoa, invulnerability!

He smirks, ready for battle, yet again. Logan runs through the game, easily ricocheting shots off of his new suit and wiping out any competitors that get in his way. Don't be mistaken though. He's on the prowl for Mateo and Z-Blob.

Logan finally slows down. He checks his surroundings.

100                    LOGAN (CONT'D)                    100  
                       Alright. Where is that noob...

Suddenly, Z-Blob leaps out of hiding. Logan BLASTS him. He shatters, losing his last life. Logan turns to see Mateo, attempting to land yet another sneak attack using his rocket jump. He successfully hits Logan, but it does nothing.

Mateo tucks and rolls back into a new hiding place. We see now that he only has one life left. He looks at the board.

101 MATEO 101  
Wait, what? I totally got you!

102 LOGAN (O.S.) 102  
Nope. And now it's down to me and  
you, Street Meat. Come on out and  
collect this loss!

Mateo checks his power boosts. He's depleted them. Timid now, Mateo runs in the opposite direction. Only when he turns around, Logan is already there waiting for him.

103 LOGAN (CONT'D) 103  
Heeeeeere's Logan!

The two fire at the exact same time. Logan is hit, but of course, not eliminated. Mateo avoids the hit and hides again.

104 MATEO 104

Huh?! NO WAY I missed you that  
time!

105 Yes way! LOGAN 105

Mateo glances up to see Logan, using his rocket jump. He BLASTS Mateo, causing him to shatter. Logan lands in a cool pose.

Winner rolls across the screen. Logan's name hits number one on the leaderboard. Digital confetti spews out from above.

106 LOGAN (CONT'D) 106  
Yes! Top of the leaderboard!

Logan does EDM horn sounds as the rest of the players sarcastically cheer and go their separate ways. The Dream Chasers rejoin Logan on the playing grounds.

107 LOGAN (CONT'D) 107  
I knew I'd pwn you, nerd.

108 MATEO 108  
Yeah, you won. Way to go. You get  
Zoey on your Sheep Week team.

109                   LOGAN  
You know it!                   S- 109

Just then, the digital Burrzerker pops up before them.

110	BURRZERKER	110
	Congratulations! You survived the slaughter! Come and claim your prize!	

Logan triumphantly approaches the hologram guardian, attempting to remove the disk without the others noticing.

```
111                                     MATEO                                     111
                                     Whoa... What's that?
```

112 LOGAN 112  
Uh, nothing. It's just an upgrade.

113 MATEO 113  
Were you cheating?!

114 LOGAN 114

No! You're the one who was  
cheating, letting Z-Blob do all the  
work for you.

115 MATEO 115  
Having Z-Blob isn't cheating!

116 LOGAN 116  
Yeah, you keep telling yourself  
that.

Logan grips the disk, but it gets jammed in the slot. Logan struggles to get it out.

The tablet display begins to glitch as a bright red aura completely consumes the whole arena's original blue form. The disk has turned into a full blown virus and the game arena isn't the only thing it's corrupting...

Through even larger world glitches, it's clear that the entire Cyber Realm is under attack; buildings are turning pixelated, neon signs are flickering, items are morphing, and kids are getting bugged into the floors and walls!

A pixelated NIGHTMARE STORM surrounds the middle console where the red disk was inserted. The kids are now at its center. Pixelated lightning strikes.

117 COOPER 117  
Logan! What did you do?!

118 LOGAN 118  
Nothing! Why are y'all always blaming me when something goes wrong?

119 IZZIE 119  
Because you're always doing something!

120 COOPER 120  
Enough! We have to fix this and fast! The realm is falling apart!

121 LOGAN 121  
Stop being so dramatic. It's not that serious.

Suddenly, the lights shut down. The room goes to black.

**EXT. MOBILE GAME SECTOR, CYBER REALM (DREAM WORLD) - DAY**

Zoey, in a rare moment of bliss, finishes chopping up some raspberries, filling the meter hovering above her head. Burrzerker appears.

122 BURRZERKER 122  
(dialogue glitching)  
Almost there! Time to t-take out the c-c-cake! -the cake!

A new meter appears as Zoey opens the easy bake oven with an uncharacteristic flourish, and removes a soufflé. She giggles as she carefully places it onto the counter when a loud CRASH causes it to deflate.

123                                ZOEY                                123  
No! My soufflé!

```

124                BURRZERKER                                124
                Ooh, burn! B-b-better luck next
                time!

```

ZOEY  
What the...

Zoey watches as the game components and the surrounding Cyber Realm's lights all change into a harsh red color and contort.

The game terrain glitches, pixelates, and crumbles. Zoey leaps around them as if she were in a platforming game.

126                      ZION!                      ZOHEY (CONT'D)                      126

Zion rises, trying to fly toward the running Zoey, but they're a distance apart due to the glitched terrain.

The Dark Archer's whistle echoes through the sky above. Zoey stops dead in her tracks. Her eyes narrow as the sky darkens.

127                               ZOEY (CONT'D)                               127  
I knew it...

**INT. NIMBUS INFINITE ARENA, CYBER REALM (DREAM REALM) - DAY**

The space is poorly lit with only the light from the hologram Guardian to see. The kids, Bunzai, and Z-Blob watch as the realm glitches nearby. Mateo throws light through Z-Blob to amplify his flashlight.

128 LOGAN 128  
(joking)  
Looks like someone forgot to pay  
the power bill in the Cyber Realm.

129 MATEO 129

Now's not the time to joke. The  
entire realm is glitching. How are  
we going to fix this?

130 LOGAN 130  
You're the know-it-all. Shouldn't  
you have the answers?

131	MATEO	131
	None of this happened until you used that virus.	

132 LOGAN 132  
How was I supposed to know Lance  
gave me a virus?

133 COOPER 133  
Lance? Who's Lance?

134 LOGAN 134  
I don't know! A cool guy I met!

The rest of the group angrily groan.

135 IZZIE 135  
Didn't your moms ever teach you not  
to take anything from strangers?

136 MATEO 136  
Just *had* to cheat. Couldn't stand  
the idea of losing to me, huh?

137 LOGAN 137  
You cheated first!

The rivals nab their Nimbus Infinite blasters from off their  
suits and begin to blast at one another again.

138 COOPER 138  
Guys! Stop! I hear something  
coming...

Mateo and Logan stop shooting and listen. Mateo dreamcrafts Z-  
Blob back into his Upgrade form, before holding up his  
flashlight.

A swarm of tiny pixels fly towards them. As they get closer  
the resolution adjusts REVEALING the pixelated creatures to  
be Night Terrors!

Mateo, Logan, and Z-Blob instantly take shots at them. Izzie  
dreamcrafts her hammer, while Cooper dreamcrafts a baseball  
bat out of random debris, knocking the creatures away.  
Bunzai, does bunny kicks. Still, they're getting overwhelmed  
by the creatures.

139 IZZIE 139  
Mateo! Watch out!

The group turns to see a Night Terror about to pounce onto  
Mateo. Z-Blob makes a move toward him, but isn't fast enough.  
Instead, Logan jumps in, tackling Mateo out of the way.

140 MATEO 140  
Whoa, thanks.

141 LOGAN 141  
Yeah, whatever.

Just then, another Night Terror nearly gets to Logan, but this time Mateo protects him.

142 LOGAN (CONT'D) 142  
Thanks, man.

143 MATEO 143  
Sure. Yeah, whatever.

Just then, even more Night Terrors arrive from the darkness.

144 IZZIE 144  
Holy guacamole...

Suddenly, a thick, pixelated fog, DREAM ETHER, seeps out from the fallen hologram statue. It shutters a blue glow and cycles through various sprite animations.

145 COOPER 145  
Uh oh. Is that another glitch?

They all cautiously take a step back as the hologram goes from being transparent to solid. It has somehow come to life.

This is the Cyber Realm's GUARDIAN, BURRZERKER. With his heroic, battle damaged suit, health bar, and three life points floating atop of his head, Burrzerker wastes no time, swooping into action. He blasts every Night Terror away.

146 BURREZKER 146  
Haha! Get some! Get some! Is this  
all you've got!

Burrzerker tosses a mechanical looking grenade at the ground. POW! It explodes light, obliterating the rest of Night Terrors. He valorously turns toward the kids.

147 IZZIE 147  
Who are you?!

148	BURRZERKER	148
	I'm Burrzerker! Guardian of the	
	Realm of Cyber Dreams!	

The kids stare in both awe and confusion. Fascinated, the kids huddle up around him as he clears away the remaining Night Terrors.

149 COOPER 149  
I didn't know the realms had  
Guardians? We've never seen any  
before...

150 BURRZERKER 150  
We guardians are ever vigilant. We  
appear when a realm is in grave  
peril.  
(then)  
We're sworn in to our realms as a  
mighty and powerful, eternal  
presence, bound to protect them!

Burrzerker does a cool heroic pose.

151 BURRZERKER (CONT'D) 151  
(charging his blasters)  
I'll show you all my best fight  
compilations after I kick some  
nightmare posteriors!  
(to the kids)  
But all you need to know for now is  
that I'm here to help!

He gives the kids a thumbs up, a twinkle in his eye.

152 BURRZERKER (CONT'D) 152  
Now, let's get my realm back!

Burrzerker and the kids charge into the lobby area, ready for  
battle.

**EXT. LOBBY, CYBER REALM (DREAM WORLD) - CONTINUOUS**

Just as the kids step outside something BIG blocks out the  
sun. The kids and Burrzerker glance up to see...

153 IZZIE 153  
Mr. Sharkface?

Rising over the horizon is Mr. Sharkface in AIRSHIP FORM. An  
army of Nightmares enter the realm alongside him.

The team is stunned.

154 IZZIE (CONT'D) 154  
What did they do to him?!

155 COOPER 155  
I don't know, but it can't be good  
for us.

156 LOGAN 156  
I think he looks sort of cool.

Cooper and Mateo both nudge Logan to stop. They gesture to Izzie, who is clearly devastated.

157 BURRZERKER 157  
Come, Dream Chasers. Let's knock these pixelated jerks down a level.

Burrzerker runs forward, fighting whatever comes at him. The team, minus Izzie and Bunzai, joins the battle. Mateo looks back, realizing that Izzie isn't coming.

158 MATEO 158  
Izzie, what's going on? Come on!

Izzie dreamcrafts Bunzai into his stuffed animal form and hugs him, before putting him back in her bag.

159 IZZIE 159  
(to Bunzai)  
I-I'm sorry. I can't... You'll be safer in here.

Cooper, Logan, and Upgrade Z-Blob blast the Nightmares away with their laser guns. It's super effective.

Cooper dreamcrafts his TRUCK with Logan in the passenger's seat. He runs through the creatures, ramming the larger groups away from his teammates like bowling pins.

160 COOPER 160  
STRIKE!

Cooper pumps his fist up, but his win is interrupted when another virus glitch causes another fissure to open up. His truck's wheels get stuck. He tries to speed out, but can't.

161 LOGAN 161  
Not good! Not good! Not good!

Just then, a ton of nightmare creatures bombard them, climbing all over, attempting to get inside and attack.

162 COOPER 162  
There's too many! We need reinforcements!

Not a moment too soon, Zoey dives in on Zion, using her time-altering clock to land multiple quick attacks on the beasts.

For the second time, Logan and Mateo are heavily impressed.

163 MATEO/LOGAN 163  
Whoa...

Zoey wipes out the Nightmares attacking Cooper's truck. She lands, very obviously annoyed.

164 ZOELY 164  
And once again, you lot have me aborting my mission to clean up your mess!

165 BURRZERKER 165  
Completely understandable, brooding time bandit! Baking Papa is the type of game that requires a lot of concentration, but now we are in need of your help, young baker.

166 LOGAN 166  
Wait, Baking Papa? That baby game?!

Zoey's face lights up red from embarrassment.

167 ZOELY 167  
(through gritted teeth)  
Baking Papa is a valid game, that helps people destress and allows escapism, while learning essential life skills.

168 LOGAN 168  
Yeah! For sure. No shame in that!

The Dark Archer's lullaby cuts through the scene like a knife.

Our heroes look up, catching a glimpse of the Dark Archer aboard the Sharkface Airship.

169 ZOELY 169  
You...

Without another word, she flies toward him with Zion.

170 LOGAN 170  
She needs our help!

171 COOPER 171  
Let her go, she's fine. We're overwhelmed as it is! And stuck!

172                                 LOGAN                                 172

What's the use of this dumb monster  
truck if it can't even get us  
anywhere!

As soon as Logan groans out of frustration, sand particles float around their monster truck TRANSFORMING it into a literal MONSTER TRUCK; sharp teeth, monstrous glowing eyes, snarling nostrils.

Logan and Cooper are flabbergasted.

173 COOPER 173  
Did we just... Dream-bash?!

A beat. The boys give each other a high five.

174 AWESOME!! LOGAN/COOPER 174

As their beastly car begins ramming and chomping down on anything in their way. They skid up to the rest of the crew.

175 MATEO 175  
That was cool and all -

Hater... LOGAN

176 176

177 MATEO 177  
- but we need to find a way to  
eliminate the virus or we'll lose  
the realm.

178                    IZZIE                    178  
Not exactly an obvious task, Mateo.  
You got a plan?

Through the dream ether in the sky, flies Oz and Albert on their Rocket Ship. They use a rope to descend.

179 MATEO 179

How did you know we were in the  
Cyber Realm?

180 MR. OZ 180  
You kids do tend to cause trouble.  
Makes you easy to find.

181 MATEO 181  
How do we stop the virus?

Oz whips out a blue floppy disk.

182 MR. OZ 182  
With this! It's a patch. All you  
need to do is insert this into the  
slot where the virus started.

183 LOGAN 183  
I put it into the holo-screen in  
the Nimbus Infinite arena, but it's  
jammed. You can't get it out.

184 MR. OZ 184  
Then you'll just have to find a  
way, now won't you?

Logan hesitantly takes the blue disk.

185 MATEO 185  
Don't worry. We'll go with you.

186 ALBERT 186  
And the rest of us will hold them  
off!

187 MATEO 187  
The rest of you?

188 ALBERT 188  
You don't honestly think we came  
here empty handed, do you?

They turn to see an army of dreamers, who were previously  
playing games in the realm, but have been united by Oz and  
Albert to help save the day. The dreamers charge into battle.

189 MR. OZ 189  
Now go, Dream Chasers! Save the  
Cyber Realm!

190 MATEO 190  
Thanks, Mr. Oswald.

191 MR. OZ 191  
Don't thank me yet.

**EXT. SKY, CYBER REALM (DREAM REALM) - MEANWHILE**

Zoey soars toward Mr. Sharkface atop of Zion. They avoid the  
Night Terrors flying at them like a spaceship avoiding  
asteroids. The Dark Archer checks over the ledge of Mr.  
Sharkface, taking note of her quick and daring approach.

The Dark Archer gives his signature whistle, further  
aggravating Zoey.

However, as she's about to reach him, a glitchy cloud appears in front of her. She flies through it, but then it turns solid, trapping her and Zion inside.

Just as they're about to crash land, Burrzerker tuck and rolls into action, catching them before they can make impact.

192 BURRZERKER 192  
Not on my watch!

He lowers them, returning to battle as they attempt to break free from the cloud confining them. Zoey looks back up at the Dark Archer, furious at her failed attempt.

**INT. NIMBUS INFINITE ARENA, CYBER REALM (DREAM REALM) - DAY**

At the center of the arena is the damaged holo-screen, containing the red disk. Night Terrors hover around it, like moths to a flame. The group hides behind a wall barrier.

193                                 LOGAN                                 193

Where did all those Night Terrors  
come from? There's even more than  
before!

194 MATEO 194

I don't know, but we gotta get you  
closer so you can insert the patch.

195                                 COOPER                                 195  
Guess we're running into battle  
then. Y'all ready?

Izzie glances down at her backpack. She's concerned.

196 MATEO 196

If you want to stay behind, we'll  
all understand. No judgment.

197 IZZIE 197  
I just don't want anything to  
happen to Bunzai. ...Like Mr.  
Sharkface.

198 MATEO 198

If anything ever happened to Z-Blob  
I'd feel the exact same way.  
(then)  
It's ok. We got this.

Z-Blob and the boys run out from their hiding place, using their video game surroundings to blast through enemies and rocket jump away from the horde coming at them.

Izzie watches, feeling uneasy as they get overwhelmed. She removes Bunzai from her bag and dreamcrafts him back to his kick-butt size.

199 IZZIE 199  
If you don't want to do this, we  
don't have to. But if you do, I  
promise to try to protect you.

Bunzai nods his head. Izzie hugs him.

200 IZZIE (CONT'D) 200  
Okay... Thanks, buddy.

Izzie nabs a blaster from off ground and rises.

She rolls out of her hiding place, Bunzai at her side. They help the others BLAST through some of the enemies with amazing precision, enthusiasm, and skill. This is a complete flip from her experience during the game.

201 COOPER 201  
Way to go, Izz!

Logan takes the blue disk and offers it to Mateo.

202 LOGAN 202  
Here, you do it. I'm the reason  
this all messed up in the first  
place.

203 MATEO 203  
Then be the one to make it right.  
(then)  
We're all in this together.

Logan and Mateo share a smile.

204 MATEO (CONT'D) 204  
Coop, you go left! Izz, you go  
right! When they're busy going for  
you, I'll hit their flank. Once we  
have them engaged, Logan can run in  
with the patch! Ready?

Everyone nods. Logan recharges his blaster.

205 LOGAN 205  
Let's rock and roll.

Cooper, Z-Blob, Izzie, and Bunzai hold the enemies off on the outskirts, while Mateo acts as main defense for Logan. He shoots whatever he can as they run toward the center.

Each time that Logan gets held up, he tosses the disk to Mateo, and vice versa. It's a true tag team effort. Finally, Logan gets to the slot. He kicks off the front panel of the tablet and yanks out the red disk. He slams the blue disk into the slot. The red lights within the realm change back to blue. The realm begins to heal itself.

206 MATEO 206  
Yeah, Logan!

The group cheers victoriously, but then Mateo and Logan coolly slip back into their hesitant friendship.

207 MATEO (CONT'D) 207  
Heh. That was sort of like a relay race, wasn't it?

208 LOGAN 208  
Yeah, you actually weren't as terrible as I thought you'd be.

209 MATEO 209  
Maybe it wouldn't be so bad to be on a Sheep Week team together?

210 IZZIE 210  
Look! Everything's repairing!

The team watches as the glitches diminish around them. Pixels form, filling holes in walls and floors.

#### **INT. LOBBY, CYBER REALM (DREAM REALM) - DAY**

Our team returns to see the lobby transform to its original state. Even the darkness in the sky, caused by the shadow of the Sharkface Airship, has begun to move away.

Izzie stares up as Mr. Sharkface is taken away from her for the second time. Mateo approaches from behind.

211 IZZIE 211  
I'll get you back...

212 MATEO 212  
You will. And when that day comes, we'll all be there to help you.

Oz and Albert rejoin the team. The dreamers scattered around the lobby begin to wake in their individual swarms of dream ether, returning to the Waking World with smiles on their faces after having quite the epic cyber fight dream.

213 BURRZERKER 213  
Thank you, loyal Dream Chasers, for  
your heroic endeavors! I hope we  
never meet again!

Izzie looks wounded.

214 BURRZERKER (CONT'D) 214  
Don't be sad, young blue haired  
warrior.

215 MR. OZ 215  
What the Guardian is *trying* to say  
is that if he returns, it's because  
the realm is under attack, so he  
hopes it doesn't come to that  
again.

216 IZZIE 216  
I'm really sorry that you'll have  
to return to your post. Must get  
lonely...

217 BURRZERKER 217  
I am never alone. Dreamers return  
to the Cyber Realm every night, and  
I get to witness them overcome the  
most challenging obstacles. It's  
quite rewarding.

This resonates with Mr. Oz.

218 BURRZERKER (CONT'D) 218  
Plus, there is still time to show  
you my best fight compilations  
before you wake!

219 LOGAN 219  
Oh, look at the time, we gotta  
bounce. BIG test. Right, Mr. Oz?

220 MR. OZ 220  
Oh no, I think there is plenty of  
time to watch the compilations  
first. You kids get started while  
Albert and I finish some business  
of our own.  
(to Burrzerker)  
Why don't you start from 1988?

221 BURRZERKER 221  
Good idea, bearded ape companion!  
Start with the longest one.

The kids wince as they gather around Burrzerker bringing up a holographic image of a crude 8bit fighter game, starring himself. And we FADE TO --

**EXT. SHARKFACE AIRSHIP - SAME**

As the enemy soldiers retreat, we see Lance land on the deck of Sharkface Airship. He transforms, revealing himself to be the Nightmare King again. Dark Archer kneels as the Nightmare King walks by him.

222

NIGHTMARE KING

222

This isn't over.

**END OF EPISODE.**
